Dear Sir/Madam:

This is a Renewed Petition under 37 CFR 1.137(b) in response to the Office of Petitions denial decision dated January 16, 2009 of Applicant's November 10, 2008 Petition for Revival of an Application for Patent Abandoned Unintentionally under 37 CFR 1.137(b) ("Petition for Revival").

Applicant respectfully submits that its Petition for Revival satisfied the requirements under 37 CFR 1.137(b) because it included (1) the required reply; (2) the petition fee of \$810 for small entity; and (3) a statement that the entire delay of filing the reply by the due date until the date of a grantable petition under 37 CFR 1.137(b) was unintentional.

The Office of Petitions issued a denial decision because Applicant's Reply with Amendment contained amended drawings that did not include the term "Replacement Sheet" in the top margin.

Under cover of this letter, Applicant is resubmitting its Reply with Amendment including drawings modified to include the term "Replacement Sheet" in the top margin as required by 37 CFR 1.121(d).

Applicant respectfully requests reconsideration and granting of its Petition for Revival because all the conditions for revival under the 37 CFR 1.137(b) have been satisfied. If there are any further questions or concerns, please do not hesitate to contact the undersigned at (856)313-6630.

Sincerely,

Scott H. Jaeger MD
Applicant/Inventor
